ESSAY. Write your answer in the space provided or on a separate sheet of paper.

83) What is the accounting equation? Briefly explain each of the three parts.

Answer: Assets = Liabilities + Equity.

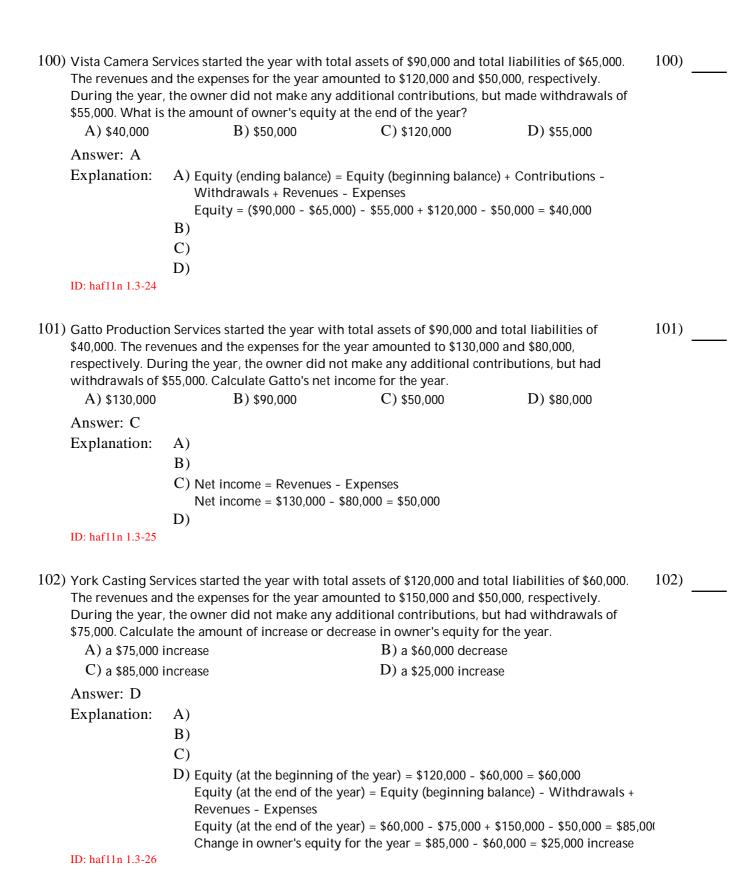

Assets are economic resources that are expected to benefit the business in the future. They are things of value that a business owns or has control of. Liabilities are debts that are owed to creditors. They are o source of claims against assets. Equity is the other source of claims against assets. Equity is the stockhc claims against assets and is the amount of assets that is left over after the company has paid its liabilities represents the net worth of the corporation.

UE/FALSE. Write	T' if the statement is true a	and 'F' if the statemer	nt is false.

- 147) Prepare an income statement and a statement of owner's equity for the month of May. Also, prepare a balance s as of May 31, 2017, for McGuire Company. The financial transactions of McGuire Company for the month of M their first month of operations, are as follows:
 - On May 1, 2017, the owner, Thomas McGuire contributed \$20,000 cash to establish the business.
 - On May 3, the company borrowed \$5,000 from a creditor and executed a note payable with the principal an interest to be due in one year.

- On May 7, the company purchased \$15,000 of equipment for cash.
- On May 8, McGuire Company rendered service to a client and earned \$3,000 in cash.
- On May 12, the company incurred a repair expense of \$1,800 and promised to pay the repair contractor the following month.
- On May 18, the company rendered service to a new client in the amount of \$8,000 on account, as the client promised to pay the following month.
- At the end of May, McGuire withdrew \$1,500 from the business.

Answer:

McGuire Company Income Statement Month Ended May 31, 2017

Revenues:

Service Revenue \$11,000

Expenses:

Repair Expense \$1,800

Total Expenses 1,800
Net Income \$9,200

- 148) Prepare an income statement and a statement of owner's equity for the month of June. Also, prepare a balance sheet at June 30. The transactions of Magna Designer Company for the first month of their operations are as follows:
 - On June 1, 2017, the owner Carlos Magna Designer contributed \$25,000 cash to establish the business.
 - The company rendered services to three clients on account with total revenues earned of \$9,000.
 - It then incurred an advertising expense on four different websites and promised to pay a total of \$1,200 at a date.
 - On June 13, Magna Designer purchased \$1,000 worth of office supplies for cash. (The supplies are not used June 30.)
 - On June 22, it received \$2,000 on account from a client and deposited it into the business account.
 - On June 23, it incurred \$1,300 for a legal expense and paid cash.
 - On June 30, Magna Designers made a payment of \$500 to one of the websites that it owed for advertising provided earlier in the month.
 - No owner withdrawals were paid during the month.

Answer: Magna Designer Company

Gasoline Expense	7,000
Salaries Payable	1,500

Calculate the net income.

A) \$33,000 B) \$32,000 C) \$1,000 D) \$1,100

Answer: D

Explanation: A)

B)

C)

D) Service Revenue \$27,900
Salaries Expense (7,000)
Repairs Expense (800)
Supplies Expense (12,000)
Gasoline Expense (7,000)
Net income \$1,100

154) The total assets and the total liabilities of Smart Financial Services are shown below. The company not receive any new contributions from the owner and did not issue any withdrawals during the y

	Assets	Liabilitie
Beginning of year	\$415,000	\$295,000
End of year	430,000	305,000

What was the amount of net income for the year?

A) \$25,000

B) \$5,000

C) \$10,000

D) \$15,000

154)

Answer: B

Explanation: A)

B) Calculations:

 $\begin{array}{cccc} & Assets & Liabilities \\ End of year total & \$430,000 & \$305,000 \\ Less: beginning of year total & (415,000) & (295,000) \\ Increase or (decrease) & $\$15,000 & $\$10,000 \end{array}$

Net increase or (decrease) = \$15,000 - \$10,000 = \$5,000

C)

D)

ESSAY. Write your answer in the space provided or on a separate sheet of paper.

155) Jeffery Company has just completed operations for the year ended December 31, 2016. This is the second year coperations for the company. The following data have been assembled for the business.

ESSAY. Write your answer in the space provided or on a separate sheet of paper.

195) Johnson Repair Service had net income for the year of \$125,000. In addition, the balance sheet reports the follow balances:

	Jan. 1, 2016	Dec. 31, 2016
Accounts Receivable	\$5,600	\$14,200
Accounts Payable	12,000	9,500
Building	125,000	125,000
Cash	37,500	35,000
Office Furniture	25,000	50,000
Office Supplies	3,200	1,500
Notes Payable	60,000	75,000
Total Owner's Equity	124,300	141,200

Calculate the return on assets (ROA) for Johnson Repair Service for the year ending December 31, 2016.

Answer:	Total Assets	1/1/2016	12/31/2016
	Accounts Receivable	\$5,600	\$14,200
	Building	125,000	125,000
	Cash	37,500	35,000
	Office Furniture	25,000	50,000
	Office Supplies	3,200	1,500
	Total Assets	\$196,300	\$225,700

Return on Assets = Net Income / Average total assets

Average total assets = (Beginning total assets + Ending total assets) / 2

Return on Assets = \$125,000 [(\$196,300 + 225,700) / 2] = \$125,000 / 211,000

= 5.9%

ID: haf11n 1.6-14

196) Frazier Service Company had a net income of \$14,500 for the year ending December 31, 2016. The total assets o January 1, 2016 were \$28,000. The total assets on December 31, 2016 were \$16,000.

Calculate Frazier's return on assets (ROA). Show your computations and label your work. Round your answe one decimal place.

Answer: Return on Assets = Net Income / Average total assets

Average total assets = (Beginning total assets + Ending total assets) / 2

Return on Assets = \$14,500 / [(\$28,000 + \$16,000) / 2]

= \$14,500 / \$220,000

= 6.59%

ID: haf11n 1.6-15

197) What is the calculation for return on assets (ROA)? What does ROA measure?

Answer: Return on Assets = Net income / Average total assets.

ROA measures how profitably a company uses its assets.

83) Assets = Liabilities + Equity.

Assets are economic resources that are expected to benefit the business in the future. They are things of value that a business or has control of. Liabilities are debts that are owed to creditors. They are one source of claims against assets. E the other source of claims against assets. Equity is the stockholders' claims against assets and is the amount of assets t left over after the company has paid its liabilities. It represents the net worth of the corporation.
